

CERTIFICATE OF ANALYSIS

Important Note: Centrifuge before opening to ensure complete recovery of vial contents.

Catalog #: W99165C **Lot #:** 1F16621

Description: Rabbit anti Human IgG (Fc)
Rabbit Antibody to Human Immunoglobulin G (IgG), Fc specific.

Specificity: Based on Immunoelectrophoresis, the antibody reacts with the heavy chains on human IgG but not with the light chains on most human immunoglobulins. No activity was detected against human IgM or IgA or against non-immunoglobulin serum proteins, but the antibody may cross-react with immunoglobulins from other species.

Host Animal: Rabbit

Immunogen: Human IgG (Fc)

Format: Affinity Purified, Liquid

Purification: Isolated from antisera by immunoaffinity chromatography using antigens coupled to agarose beads.

Concentration: 2.4 mg/mL

Buffer: 0.01 M Sodium Phosphate, 0.25 M Sodium Chloride, pH 7.6

Preservative: None

Applications: Specific methodologies have not been tested using this product.

Storage: Store at 2-8°C. Prepare working dilution only prior to immediate use. After opening, store remainder at 2-8°C under sterile conditions.

Safety Note(s): Refer to the appropriate Safety Data Sheet (SDS) for additional information.
